C. Website

1. content – we want to be able to add things like meeting agendas, minutes, articles, Oconto County site etc... it is hard to do, and we have to forward everything to someone else to post. It is a cookie cutter site that it was built on and hard to add content or categories as easily as we would like. Our recommendation is to allow us to investigate and choose a company to work with us on developing a new website and to train us how to make changes and to add content. Our recommendation is to make this a Lake management fund request for \$1500 to \$5000

2. Donations on website using QR code- Larry to check on it also Venmo and Zelle

5. Select future meeting – next meeting is Sept. 9 at 6pm
